2019 AUTHORITY BUDGET MESSAGE & ANALYSIS PEMBERTON TOWNSHIP MUNICIPAL UTILITIES

AUTHORIT-Y BUDGET

FISCAL YEAR: FROM: JANUARY 1, TO: DECEMBER
2019 31, 2019

Answer all questions below. Attach additional pages and schedules as needed.

1. Complete a brief statement on the 2019/2019-2020 proposed Annual Budget and make comparison to the 2018/2018-2019 adopted budget for each operation. Explain any variances over +/-10% (**As shown on budget page F-4 explain the reason for changes for each appropriation changing more than 10%**) for each line item by operation. Explanations of variances should include a description of the reason for the increase/decrease in the budgeted line item, not just an indication of the amount and percent of the change. Attach any supporting documentation that will help to explain the reason for the increase/decrease in the budgeted line item. For example, if anticipated service charges have increased 15% due to an increase in rates, provide a copy of the resolution authorizing the rate increase.

The Authority anticipates that the proposed budget provides adequate funding for its 2019 operations. Renewal & Replacement Reserve increased \$1,000,000 to accommodate future capital projects.

2. Complete a brief statement on the impact the proposed Annual Budget will have on Anticipated Revenues, especially service charges and on the general purpose/component unit financial statements. Explain significant increases or decreases, if any. An increase or decrease is considered significant if it is over +/-10% (**As shown on budget page F-2 explain reason for change for each revenue changing more than 10%**) from the current year adopted budget.

The proposed 2019 budget will not have an impact on current user fees or customer charges. Increases in both other and penalty income are based on the prior two years actual collections. The Authority will continue to monitor its spending and revenues to determine possible future rate increases.

3. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Budget/Program.

The township has experienced little growth during the last few years and this is expected to continue over the next several years as there are no major projects that have Planning Board approval at this time. Existing facilities are currently being reviewed to determine what changes will be required to meet current and future requirements.

4. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual Budget, i.e. rate stabilization, debt service reduction, to balance the budget, etc. If the Authority's budget anticipates a use of Unrestricted Net Position, this question must be answered.

Unrestricted Net Assets of \$1,735,450 will be utilized in the 2019 budget in order to balance the budget and maintain current utility rates.

5. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or a shared service and explain the reason for the transfer (i.e.: to balance the County/Municipality budget, etc.).

N/A

6. The proposed budget must not reflect an anticipated deficit from 2019/2019-2020 operations. If there exists an accumulated deficit from prior years' budgets (and funding is included in the proposed budget as a result of a prior deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question. **(Prepare a response to deficits caused by the implementation of GASB 68)**

N/A

7. Attach a schedule of the Authority's existing rate structure (connection fees, parking fees, service charges, etc.) **if it has been changed since the prior year budget submission** and a schedule of the proposed rate structure for the upcoming fiscal year. Explain any proposed changes in the rate structure and attach the resolution approving the change in the rate structure, **if applicable**.

See attached rate schedule
